----- **CORONA VIRUS UPDATE** -----

To all our friends and customers.

We are open and taking every precaution we can to maintain a safe and sanitized environment for you.

We have increased the frequency of our routine schedule of disinfecting all door handles, counter tops, table tops, work stations, condiments, chairs etc. as we always have.

We also sanitize all our utensils, plates, and anything else we handle food with by using an extremely high temperature dish washing machine to ensure your utmost safety.

For those of you who feel uncomfortable and prefer to maintain a safe distance we can gladly bring you take out curbside to your vehicle. We also have an online order and PAY option for your convenience if you prefer to pay online to have the least possible interaction with anyone.

We are also working on some free delivery options for you managed by our own in house team so a third party that is out of our chain of command is not sub contracted. Please check back for details.

We sincerely hope everyone stays safe and will get through this difficult time together.

Thank you,

Michael and the rest of the Diner team
